

شركة بدرالدين للخدمات النفطية

Badrulddin Oil Services

OUR MISSION

“To meet challenging goals by engaging the talent and passion of people who believe there is always a better way.”

OUR MISSION

Our mission is to lead in the creation and delivery of highly talented, experienced and innovative workforce solutions or services in the Oil & Gas Industries that enable our clients to succeed in the competitive world.

BOS specialises in bringing together the best resources to handle challenging projects for our clients. We dynamically take on our client's projects with custom solutions, from major overhaul and preventive maintenance for various field facilities.

OUR VISION

Our goal is to exceed client expectations by offering outstanding service - to be the leading provider of professional services and deliver highest quality services at competitive prices, provide innovative engineering solutions to our clients and strictly adhere to Health, Safety and Environment as our top priorities.

OUR SERVICES

Our services include:

- *The supply of highly qualified personnel for Technical Assistance and General Maintenance.*

Our Manpower is well selected from around the world and supplied according to job description requirements with high standards complying with the Oil and Gas industries levels.

OUR SERVICES

Our services include:

- ***Qualified Onshore Personnel***

Our understanding of the typical requirements within our core business segment led us to provide a full range of services to our target clients.

We have access to highly qualified engineers and technicians with vast experience to fill various onshore positions such as all drilling specialists, project management personnel, project engineers, inspection technicians, technical advisors and supervisors.

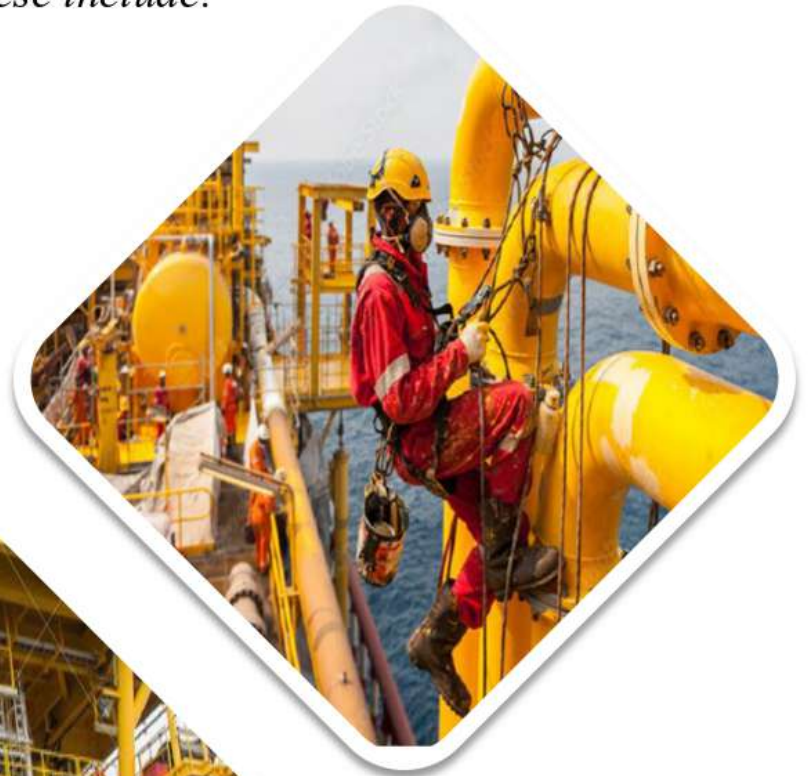

OUR SERVICES

Our services include:

- ***Offshore Personnel***

Our success in the onshore segment led us to extend our services to the offshore sector by providing human resource requirements to our existing client base. These include:

MANPOWER SUPPLY

Marine Personnel

Mooring masters	Engineers
Chief officers	Divers
Safety officers	Dredger operators
Oilers	Tug boat masters
Marine Mechanics	Marine Crane Operators

Production and Exploration Personnel

Operators
Maintenance technicians
Roustabouts

Operations

Sr. Project Engineer
Sr. Piping/Mechanical CAD Designer
Safety officers
C&IT support teams
Painters, Scarf folders, Sand blasters, Roustabouts

Maintenance Personnel

Sr. Mechanical engineers	Sr. NDT Technicians
Sr. Rotating Equipment Engineers	Rotating Mechanics
Sr. Instrument Control Engineers	Machinist
Sr. Electrical Engineers	Equipment mechanics,
Sr. Cathodic Protection Inspectors	Electricians Technicians for various operations

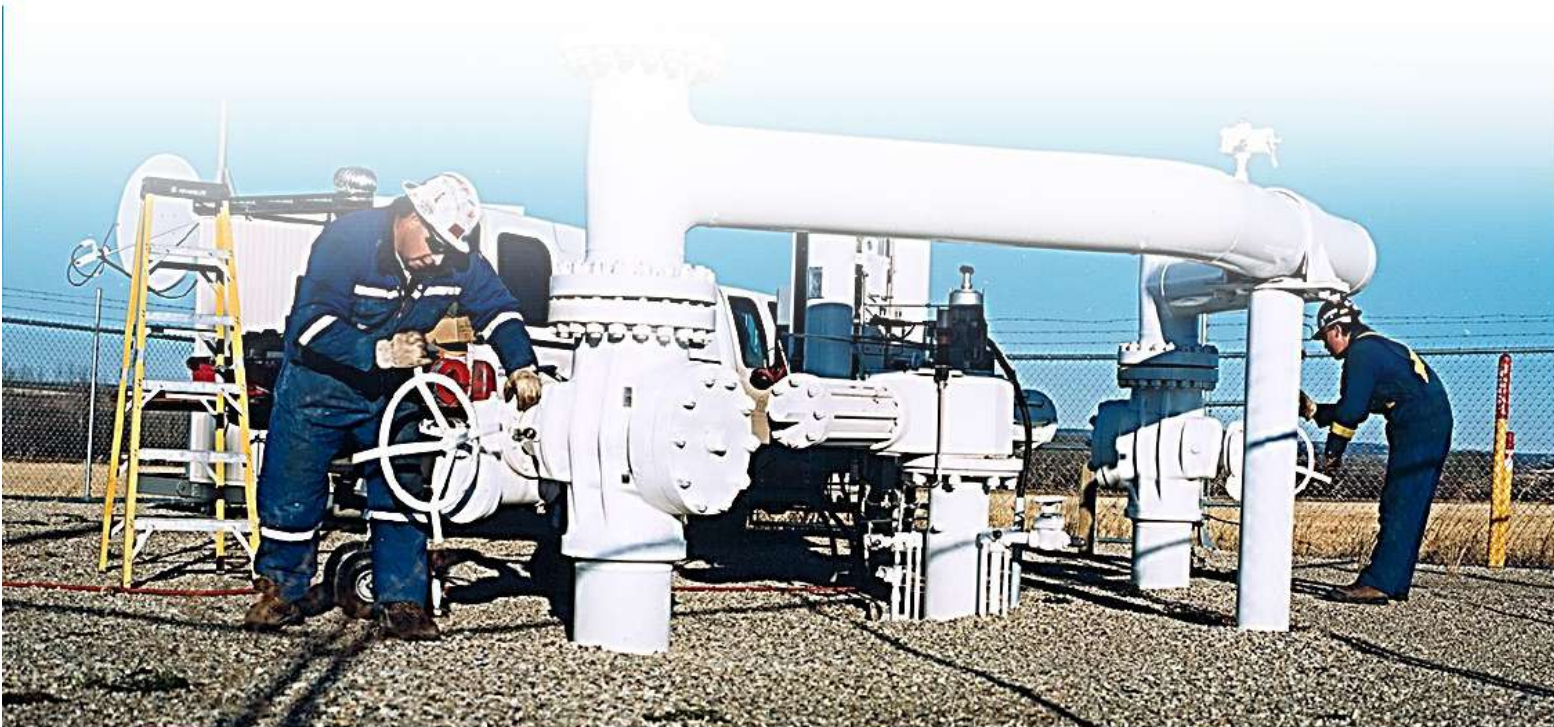

CONSTRUCTION WORKS

- ✓ *Construction, Testing and commissioning for Oil & Gas Field facilities including pipelines, trunk lines. process piping and facilities.*
- ✓ *Oil and Gas Processing plant.*
- ✓ *Crude oil and products storage tanks up to 500,000 barrels in capacity.*
- ✓ *Construction & refurbishment of accommodation blocks suitable to desert conditions according to BS, ASTM, and ACI standards.*

MAINTENANCE WORKS

- *Maintenance/Repair and Revamping works for Oil & Gas Field facilities such as Stationary and Rotating equipment's, Separators, Desalination plant, Boilers, Skimmers, Dehydrators, Scrubbers, Gas Boots and Production Tanks, etc. and assorted equipment's.*
- *Repair I Maintenance of underground cross country pipeline up to 42 inch in diameter.*
- *Maintenance of crude oil storage tanks and various product storage and utility tanks. Activities include repair and replacement of tank appurtenances, bottom plate and roof plate, supply of foam dam seal plate and weather shield for floating roof tanks, etc.*
- *Maintenance I repair of oil & gas pipelines up to 42" inside diameter.*
- *Cleaning inspection of pipelines up to 42" inside*

DESIGN & ENGINEERING

We can prepare following document such us

- ❖ *Pipe diagram*
- ❖ *Instrument diagram*
- ❖ *Flow diagram*
- ❖ *Piping layout*
- ❖ *Electrical cables connection*
- ❖ *Electrical cables distribution*
- ❖ *Material List*
- ❖ *Project Schedule and Cost.*
